Inspired by the authentic taste of a home-made empanada, we have developed a wide range of flavors to satisfy all needs and cravings.

Our empanadas bring together the highest quality ingredients to create an unmistakably authentic food. Fresh herbs, succulent meats and other delicious flavors are wrapped in the perfect, crusty mouth-watering envelope of our tapas, also known as puff-pastry dough.

We can also develop tailor-made solutions for your company with your own specifications and flavors (ie. Cuban, Jamaican, NY, and others), and include your own brand.
